

Imagine, your new home is in a tent city on the outskirts of Port Au Prince, Haiti. As the sun sets, your infant daughter sits in a disgusting and nauseating mud puddle. She scoops up and eats the mud. You don't care. It eases her hunger pangs. It has been three days since her last meal. You're losing hope.

At sunrise, the freshly stocked food distribution and medical center opens. You discover the rarest of treasures, nutritious, life sustaining baby food. Hope is restored to you and your daughter. This scene has been replayed hundreds of times.

We have such a monumental opportunity to help meet the physical and spiritual needs in Haiti. All of our Campus Crusade for Christ family is involved.

Jesus Film teams continue nightly showings around the country while offering opportunities for additional spiritual growth through a Bible centered discipleship tool run on solar power.

This summer, an army of **Campus Ministry** student teams will clean up and rebuild university campuses while building relationships with university leaders for future opportunities of ministry.

Our Campus Ministry is also partnering with local churches and **Global Aid Network (GAIN)**, our relief and

development ministry, to distribute food, clean water and medical supplies while offering a spiritual solution to the people of Haiti.

Thank you again for your part in renewing hope, reaching the lost with the Gospel and building up the next generation of leaders in the Haitian church.
